

Enterprise Sales Process

DEVELOPMENT TEST KNOWLEDGE - CueAI RAG fixtures. Not real customer or company documentation.

Enterprise sales process adds security review, legal MSA, and phased rollout. Proposal packages map Security, Engineering, GTM, and Sales knowledge packs to buyer personas. Negotiation emphasizes pilot success criteria and citation accuracy SLAs.

Closing

DEVELOPMENT TEST KNOWLEDGE - CueAI RAG fixtures. Not real customer or company documentation.

Closing requires executive sponsor alignment and Admin onboarding for the Knowledge Base. Post-sale expansion attaches meeting-scoped documents without duplicating workspace embeddings unnecessarily.
