

Sales Process Stages

DEVELOPMENT TEST KNOWLEDGE - CueAI RAG fixtures. Not real customer or company documentation.

What are the stages of the sales process? 1) Prospecting, 2) Qualification, 3) Discovery, 4) Demo / Proof of Value, 5) Proposal, 6) Negotiation, 7) Closing, 8) Expansion. Qualification checks ICP fit, timeline, and security requirements.

Discovery and Objections

DEVELOPMENT TEST KNOWLEDGE - CueAI RAG fixtures. Not real customer or company documentation.

Discovery questions explore meeting volume, knowledge governance, and desktop overlay needs. Common customer objections include data privacy, hallucination risk, and SSO readiness. Respond with workspace isolation, document-first RAG, and citation transparency.
